

Taha Land

Packing and Exporting Agricultural crops

Your Partner
in Packing and
Agriculture

Introduction:

Taha Land Co. is a leading exporter specializing in premium in-shell peanuts. With over 15 years of experience, we are dedicated to delivering top-quality products worldwide. Our journey began in Ismailia, Egypt, a region rich in agricultural heritage. We started with a mission to redefine agricultural exports. The company has become a pioneer in packing and exporting raw materials, specializing in extra white in-shell peanuts.

Our legacy reflects a relentless pursuit of perfection and a deep understanding of European markets. Quality, trust, professionalism, and sustainability are at the core of our operations. Our unique advantage lies in being in Europe for years, enabling us to cater to diverse consumer preferences.

Taha Land Co.'s end-to-end expertise ensures that every peanut meets and exceeds expectations, and their commitment to sustainability goes hand in hand with connecting cultures and communities. Eng. Mohamed Taha invites you to join their flavorful journey, where trust fuels their passion, and together, they script the chapters of success.

Our Journey:

Eng. Mohamed Taha, the CEO of Taha Land Co., welcomes you to a journey of excellence in the world of in-shell peanuts. For 15 years, our dedication to quality, sustainability, and customer satisfaction has been unwavering. We collaborate closely with local farmers, nurturing every peanut plant with care and dedication.

Our core values center around quality. Each peanut is meticulously selected based on size, texture, and taste. What sets us apart is our unyielding commitment to our customers. We deliver not just a product but a piece of our heritage.

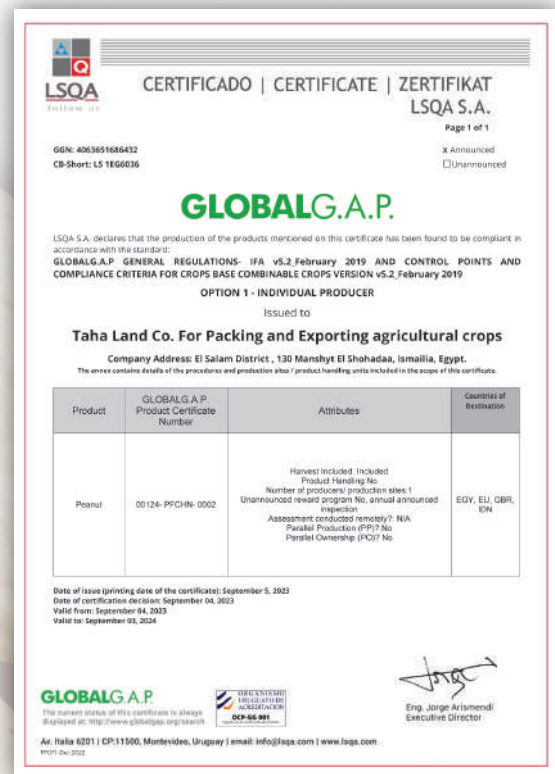

Beyond business, we create connections through flavor, becoming a unifying element on dinner tables worldwide.

Our World

Our journey is marked by diverse experience across every facet of the manufacturing sector. Sustainability is a vital thread in our narrative. We practice resource-efficient farming techniques and environmentally friendly packaging solutions.

We serve as a conduit that links cultures, communities, and continents. We invite you to be a part of our story and experience the crunch of excellence.
